

CHRIST HAS RISEN! (CRISTOS A ÎNVIAT!)

We have celebrated the most important remembrance of humanity, the death and resurrection of our Lord Jesus. His whole life was leading on to this climax. No wonder the gospel writers spent about a quarter of their writings on the events that took place in the last few days of His life, and on His death and then His resurrection. For New Testament Survey, a core subject at the Bible College where I did my studies, we were asked to write the main paper on the central theme of the New Testament. I was led to believe that the resurrected Christ was that theme and I wrote the paper on it. I discovered some of the most amazing truths while doing the research, the most important being the new life that we can all have in Him, a resurrected life. So, as most of you did, I also celebrated and rejoiced in our resurrected Saviour this Easter!

UPCOMING EVENTS
